

BETÜL İLAYDA EBRİNÇ

M.Sc. Graduate Student in Architecture |
Teaching Assistant@Bilkent University
betul.yilmaz@bilkent.edu.tr

Betül İlayda Ebrinç is an architect who completed her Bachelor of Architecture at TED University in 2024. She is currently pursuing a Master of Science in Architecture at Bilkent University, where she also works as a Teaching Assistant. Her current research examines urban transformation, with a particular focus on ecological loss, changing urban morphology, spatial memory, and neighborhood identity. Her broader research interests include urban ecology, environmental justice, urban heritage, public space, and critical approaches to urban design and planning. Her academic experience is further shaped by her participation in research projects, international workshops, and academic events focusing on sustainability, historical contexts, and the built environment.
